

# CAVALIER HABITAT PROJECT 2015

The Department of Game and Inland Fisheries will be conducting mowing operations at Cavalier Wildlife Management Area on October 1st and 2nd. This mowing is in support of an ongoing wildlife habitat improvement project and will provide for improved hunter access.

The timing of these operations is meant to reduce negative impacts to species such as the State Endangered Canebrake Rattlesnake.

Hunters are urged to use caution in and around the area of operations. Both staff and equipment will be active in the area.

Mowing of these paths will occur on October 1st and 2nd 2015  
Please use caution as staff and equipment may be present in  
these areas
